

Chab-Table Nendo 2005

Low table with tray

The rotating base offers a choice of two different heights, allowing for greater flexibility. The table top can also be used as a tray.

Materials:

BASE: black powder-coated steel. Thermoplastic feet.

TRAY: top in birch plywood (class E1, CARB P2/TSCA Title VI certified) covered with black HPL laminate, with edge in solid curved beechwood, wax-treated.
