

KIRK WOOD

DESIGN RODOLFO DORDONI

Finiture piano:

- MDF, spessore 22 mm, sagomato, impiallacciato ebano composto verniciato poliester trasparente brillante;
- vetro in pasta, spessore 15 mm, sagomato, disponibile nel colore Nero;
- marmo spazzolato Marron Damasco, spessore 20 mm, sagomato.

Base: realizzata in massello di frassino laccato Moka a poro aperto, spessore 40 mm. Scivolante protettivo in gomma millerighe nera.

N.B.: tutti i piani in marmo presentano un disegno in superficie diverso l'uno dall'altro per motivi naturali, e possono presentare piccoli difetti ritoccati con interventi di stuccatura, eseguiti sulla materia prima.

Top finishes:

- MDF, 22 mm thick, beveled, composite ebony veneer with glossy transparent polyester finish;
- pâte de verre, 15 mm thick, beveled, available in Black;
- brushed Brown Damascus marble, shaped, 20 mm thick.

Base: made of solid ash, 40 mm thick, with open-pore Moka lacquered finish. Protective slide in ribbed black rubber.

N.B.: all the top surfaces in marble may differ due to the natural marking of the marble and any small imperfections may have been retouched on the raw material.

Ausführungen der Platten:

- MDF-Platte, Stärke 22 mm, formgeschnitten, furniert mit Ebenholzkompisit, mit transparentem, glänzendem Polyesterlack überzogen;
- Glaspaste, Dicke 15 mm, formgeschnitten, in Schwarz erhältlich;
- Gebürsteter Marmor Marron Damasco, Stärke 20 mm, formgeschnitten.

Grundgestell: Massive Esche, offenporig mokkafarbig lackierte, Stärke 40 mm. Gleitschutz aus gerilltem schwarzem Gummi.

N.B.: Alle Marmorplatten weisen naturgemäß verschiedene Musterungen an den Oberflächen auf und können kleine Fehler enthalten, die mit spezifischen Kittten auf dem Rohmaterial korrigiert werden.

Finitions du plateau :

- MDF, épaisseur 22 mm, arrondi, plaqué bois composite ébène, verni au polyester transparent brillant;
- pâte de verre, épaisseur 15 mm, arrondi, disponible en Noir ;
- marbre brossé Marron Damasco, épaisseur 20 mm, arrondi.

Base : réalisée en frêne massif laqué couleur Moka à pores ouverts, épaisseur 40 mm. Patins de protection en gomme milleraies noire.

N.B. : pour des raisons naturelles, les surfaces des plateaux en marbre ont des dessins différents les uns des autres et peuvent présenter de petits défauts qui ont été rebouchés sur la matière première.

Finiture piano:

- MDF, spessore 22 mm, sagomato, laccato lucido Sand o Fango;
- vetro in pasta, spessore 15 mm, sagomato, disponibile nel colore Nero;
- marmo spazzolato Marron Damasco, spessore 20 mm, sagomato.

Base: realizzata in metallo verniciato Bronzo, spessore 8 mm. Data la satinatura artigianale, la base del tavolino può presentare delle lievi sfumature di colore. Scivolanti protettivi in Hytrel® (gomma morbida antigraffio).

Top finishes:

- MDF, 22 mm thick, beveled, Sand or Mud glossy lacquer finish;
- pâte de verre, 15 mm thick, beveled, available in Black;
- brushed Brown Damascus marble, 20 mm thick, beveled.

Base: metal, satin-finish Bronze paint, 8 mm thick. Since the satin finish is handcrafted, the table base may exhibit slightly different nuances. Protective Hytrel® (soft, scratch-proof rubber) glides.

Ausführungen der Platten:

- MDF-Platte, Stärke 22 mm, formgeschlitten, glänzend Sand- oder Schlammmfarben lackiert;
- Glaspaste, Dicke 15 mm, formgeschlitten, in Schwarz erhältlich;
- Gebürsteter Marmor Marron Damasco, Stärke 20 mm, formgeschlitten.

Grundgestell: Satiniertes, bronzefarben lackiertes Metall, Stärke 8 mm. Aufgrund der handgearbeiteten Satinierung, kann das Tischgestell leichte Ungleichmäßigkeiten in der Farbtonung aufweisen. Gleitschutz aus Hytrel® (weicher, kratzfester Gummi).

Finitions du plateau :

- MDF, épaisseur 22 mm, arrondi, laqué brillant Sable ou Boue ;
- pâte de verre, épaisseur 15 mm, arrondi, disponible en Noir ;
- marbre brossé Marron Damasco, épaisseur 20 mm, arrondi.

Base : réalisée en métal satiné peint Bronze, épaisseur 8 mm. Sa satinage étant artisanal, la base de la petite table peut présenter de légers dégradés de couleur. Patins de protection en Hytrel® (caoutchouc souple antiéraflure).

KIRK CROSS

DESIGN RODOLFO DORDONI

Finiture piano:

- vetro in pasta, spessore 15 mm, colore Nero, disponibile esclusivamente per le misure: Ø 42 cm e Ø 52 cm ;
- vetro stratificato 8+8 mm composto da una lastra superiore di vetro bronzato e una lastra inferiore di vetro extra-chiaro, spessore totale 16 mm. Disponibile esclusivamente per le misure: Ø 90 cm, Ø 120 cm e 100x100 cm;

Base: realizzata in metallo, spessore 6 mm, disponibile nelle seguenti finiture:

- verniciata color Bronzo, (data la satinatura artigianale, la base del tavolino può presentare delle lievi sfumature di colore);

- finitura color Oro satinato (trattamento galvanico*) con vernice trasparente opaca applicata successivamente;

- cromata, disponibile esclusivamente per le misure: Ø 42 cm e Ø 52 cm.

Scivolanti protettivi in Hytrel® (gomma morbida antigraffio).

*: il trattamento galvanico è una lavorazione industriale che serve per ottenere la finitura superficiale in Bronzo, Oro, cromo e Black-Nickel, con caratteristiche di resistenza all'ossidazione, alla corrosione e di particolare durezza.

Top finishes:

- pâte de verre, 15 mm thick, color Black, available exclusively for Ø 42 cm and Ø 52 cm;

- laminated glass, 8+8 mm, composed of an upper sheet of Bronze glass and a lower sheet of extra-clear glass, total thickness 16 mm. Available exclusively for sizes: Ø 90 cm, Ø 120 cm and 100x100 cm;

Base: satin-finish metal, 6 mm thick, available in the following finishes:

- Bronze paint (since the satin finish is handcrafted, the table base may exhibit slightly different nuances);

- Gold satin finish (electroplate*) with transparent matt paint, applied subsequently;

- chrome, available exclusively for Ø 42 cm and Ø 52 cm.

Protective Hytrel® (soft, scratch-proof rubber) glides.

*: electroplating is an industrial process used to obtain surface finishes in Bronze, Gold, chrome and Black-Nickel; it also provides surface hardness and resistance to rust and corrosion.

Ausführungen der Platten:

- Glaspaste, Dicke 15 mm, Farbe Schwarz, nur für folgende Abmessungen erhältlich: Ø 42 cm und Ø 52 cm;

- Verbundglas 8+8 mm bestehend aus einer oberen Platte aus bronziertem Glas und einer unteren Platte aus extra-weißem Glas, Gesamtstärke 16 mm. Nur für folgende Abmessungen erhältlich: Ø 90 cm, Ø 120 cm und 100x100 cm;

Grundgestell: Satiniertes Metall, Stärke 6 mm, erhältlich in folgenden Ausführungen:

- Bronzefarben lackiert (aufgrund der handgearbeiteten Satinierung, kann das Tischgestell leichte Ungleichmäßigkeiten in der Farbtönung aufweisen);

- mattgold satiniert (galvanische Beschichtung*), danach mit transparentem, mattem Lack überzogen;

- verchromt, nur für folgende Abmessungen: Ø 42 cm und Ø 52 cm.

Gleitschutz aus Hytrel® (weicher, kratzester Gummi).

* Das galvanische Verfahren ist eine industrielle Bearbeitung, die dazu dient, metallische Oberflächen mit Bronze, Gold, Chrom und Black-Nickel zu beschichten, so dass ihre Oxydations- und Korrosionsbeständigkeit erhöht wird und sie besondere Härte erhalten.

Finitions du plateau:

- pâte de verre, épaisseur 15 mm, couleur Noir, disponible uniquement pour les tailles : Ø 42 cm et Ø 52 cm ;
- verre stratifié 8+8 mm composé d'une plaque supérieure en verre Bronze et d'une plaque inférieure en verre extra clair, épaisseur totale 16 mm. Disponible uniquement pour les tailles : Ø 90 cm, Ø 120 cm et 100x100 cm;

Base: réalisée en métal satiné, épaisseur 6 mm, disponible dans les finitions suivantes :

- peinture couleur Bronze (sa satinage étant artisanal, la base de la petite table peut présenter de légers dégradés de couleur);

- finition couleur or satiné (traitement galvanique*) à l'aide d'un vernis transparent mat appliqué par la suite ;

- chromée, disponible uniquement pour les tailles : Ø 42 cm et Ø 52 cm ;

Patins de protection en Hytrel® (caoutchouc souple antiéraflure).

*: la galvanisation est un procédé industriel qui permet d'obtenir une finition de surface en Bronze, or, chrome et Black-Nickel, ayant des caractéristiques de résistance à l'oxydation, à la corrosion, et de haute dureté.

KIRK NIGHTSTAND

DESIGN RODOLFO DORDONI

Struttura: in MDF assemblata a 45°, spessore 25 mm, laccata lucido color Granito.

Cassetto: frontale cassetto in ebano composto verniciato poliesteri trasparente brillante. Finitura interna in ebano opaco. Il cassetto scorre su guide a estrazione totale con apertura push-pull.

Base: realizzata in metallo, spessore 8 mm, verniciata color Bronzo. Scivolante protettivo in Hytrel® (gomma morbida antigraffio).

Structure: in MDF 45° assembly, 25 mm thick, Granite color glossy lacquer finish.

Drawer: drawer front in composite ebony veneer with glossy transparent polyester finish. Matt ebony interior finish. The drawer slides on full-extension guides with push-pull open-close mechanism.

Base: satin-finish metal, 8 mm thick, Bronze paint finish. Protective Hytrel® (soft, scratch-proof rubber) glides.

Gestell: MDF, im 45° Winkel zusammengefügt, Stärke 25 mm, glänzend granitfarbig lackiert.

Schublade: Vorderseite der Schublade aus Ebenholzkompisit mit glänzend, transparenter Polyesterlackierung. Das Innere ist mit mattem Ebenholz ausgelegt. Die Schublade läuft auf Schienen und lässt sich voll ausziehen mit Push-Pull-Öffnung.

Grundgestell: Satiniertes Metall, Stärke 8 mm, bronzefarbig lackiert. Gleitschutz aus Hytrel® (weicher, kratzfester Gummi).

Structure : en MDF assemblée à 45°, épaisseur 25 mm, laquée brillant couleur Granit.

Tiroir : façade du tiroir en bois composite ébène verni au polyester transparent brillant. Finition interne en ébène mate. Le tiroir est montés sur des coulisses à extraction totale avec ouverture push-pull.

Base : réalisée en métal satiné, épaisseur 8 mm, peint couleur Bronze. Patins de protection en Hytrel® (caoutchouc souple antiéraflure).
