

Wigmore Shelving System Piero Lissoni 2021

Shelving and storage system.

Materials:

UPRIGHTS, BRACKETS AND CROSSPIECES: matt black anodised extruded aluminium. Adjustable feet.

SHELVES: made of 2.5 mm thick black anodised aluminium sheet, shaped by laser cutting and then bent.

CABINETS: Matt black anodised aluminium sheet. Fronts with handle obtained from a specific folding of the front itself. Drawers equipped with soft-closing mechanism.
